Welcome Everyone!

Well, we probably all have one thing in common, and that is we don't like to do CHORES!!

How do we deal with this, especially since they just won't go away?

With some special SECRETS I've discovered along the way.....

The Clean You Remember

Why I started Squeaky Clean?

I had to do my chores whether I wanted to or not.

If I had to do them, I only wanted to do them once.

To do them once meant I had to learn how.

I asked myself, “Who do I know that seems to know what clean is?”

Yes, you are right, someone who seemed to like to clean-my Godmother!

My Godmother's Advice

1. Change my attitude
2. Make it fun-music & dance
3. Challenge myself
4. Regularly, learn something new
5. Ask for feedback and then praise
6. Share my experience with friends

How My Cleaning Secrets Came To Be.

As I asked for help and/or feedback, the secrets came....

Use a canister vacuum with lots of horsepower because it is easy to move from place to place, but most of all because it has all those wonderful

attachments that allow you to reach, bend low, and get corners and edges that carpet and furniture

need attention to so regularly.

Believe It Or Not , Newspaper works wonders

With a water hose, a little soap and water, a squeegee, and crinkled up newspaper, you have the makings of the cleanest windows ever.

Who would have thought newspaper would do the trick? But it really works.

My Godmother's neighbor, who delivered newspaper as a boy, is the one who learned this letter trick many years ago.

Help! My Walls Are All Dusty!

Wow! Everything else is clean except the walls around us. What now?

1. With a long-handled dust mop and cloth, slide the mop up and down the walls and ceiling.

2. If there are cobwebs, spray a little insect spray on the cloth to discourage them from coming back.

What I discovered

- I was getting pretty good with my chores.
- I discovered I liked learning new methods to clean.
- I really didn't dislike it as I thought I did.
- I was getting a lot of praise, and that made me smile.
- Most importantly, I had found a new way to make some extra money!

Continued

- I started out offered to do my Godmother's house for a fee.
- Next, the neighbor wanted my services.
- Then, I decided to create a flyer and pass it around the neighborhood.
- In two months, I had four clients a week.
- I was 18, still in high school, and making more money than my friends!

Most importantly, I no longer complained about doing my chores, because I could experiment with my methods that I could then offer to my customers as a special service for an extra charger.

Anything is possible when you change your attitude and decide to have a little fun!
